

**PUBLISHED WORKS OF FRANK SIMPSON:
2. ECONOMIC GEOLOGY**

- Simpson, F., 1970a. Low-depth Saskatchewan prospect. *Oilweek*, vol. 21, no. 6, p. 14, 16, 58.
- Simpson, F., 1970b. Lower Colorado Subgroup of west-central Saskatchewan, in *Mesozoic Core Seminar, Proceedings, Saskatchewan Geological Society and Saskatchewan Department of Mineral Resources*, Regina, Saskatchewan, October 29-30, 1970.
- Christopher, J.E., Kent, D.M., and Simpson, F., 1971. Hydrocarbon potential of Saskatchewan. *Saskatchewan Department of Mineral Resources, Report No. 157*, iii + 47 p.
- Simpson, F., 1972a. Statistical decision theory as an aid to petroleum exploration strategy in Saskatchewan (Abstract). *Canadian Institute of Mining and Metallurgy, Bulletin*, vol. 65, no. 726, p. 22.
- Simpson, F., 1972b. Statistical decision theory as an aid to petroleum exploration strategy in Saskatchewan. *Annual Western Meeting, Canadian Institute of Mining and Metallurgy*, Saskatoon, October 22-26, 1972, Session 7- Geology, Paper 7-5, 18 p.
- Christopher, J.E., and Simpson, F., 1972a. Evaluation of hydrocarbon potential from stratigraphic analysis of Mesozoic clastic sequence, Saskatchewan (Abstract). *American Association of Petroleum Geologists, Bulletin*, vol. 55, p. 541-542.
- Christopher, J.E., and Simpson, F., 1972b. Oil and gas prospects in the Mesozoic rocks of Saskatchewan (Abstract). *Canadian Institute of Mining and Metallurgy, Bulletin*, vol. 65, no. 726, p. 22.
- Christopher, J.E., and Simpson, F., 1972c. Oil and gas prospects in the Mesozoic rocks of Saskatchewan. *Annual Western Meeting, Canadian Institute of Mining and Metallurgy*, Saskatoon, October 22-26, 1972, Session 7- Geology, Paper 7-3, 22 p.
- Simpson, F., 1973. The mineral endowment of Saskatchewan, p.155-173, in Simpson, F. (Editor), *An Excursion Guide to the Geology of Saskatchewan. Saskatchewan Geological Society, Special Publication Number 1*, Regina, Saskatchewan Geological Society. vi + 455 p.
- Christopher, J.E., Kent, D.M., and Simpson, F., 1973. Saskatchewan and Manitoba, p.121-149, in McCrossan, R.G. (Editor), *Future Petroleum Provinces of Canada- Their Geology and Potential, Canadian Society of Petroleum Geologists, Memoir 1*, 720 p.
- Simpson, F., 1974. Project A2: Industrial Minerals Evaluation- Investigations in the 73-

- O and SW1/4-P Area, p. 71-77, in Beck, L.S., and Macdonald, R. (Editors), *Summary Report of Field Investigations by the Saskatchewan Geological Survey, 1974, Saskatchewan Mineral Resources*, vi + 104 p.
- Simpson, F., 1976. Evolution of a graded Cretaceous shelf (Abstract), p. 43, in *Book of Abstracts, Second International Conference on the New Basement Tectonics*, Newark, Delaware, July 13-17, 1976, 50 p.
- Simpson, F., 1978a. Radiation-log study of Salina B Unit at Windsor, Ontario, p. 3-9, in *Technical Minutes, Meeting of Solution Mining Research Institute*, Chicago, Illinois, June 19-20, 1978.
- Simpson, F., 1978b. Plate-tectonic scenario for solution-controlled collapse structures in Paleozoic carbonate-evaporite sequence of the northern Williston basin region, p. 147-150, in *Montana Geological Society, Twenty-Fourth Annual Conference, 1978 Williston Basin Symposium: The Economic Geology of the Williston Basin*, Billings, Montana, September 24-27, 1978, ix + 447 p.
- Simpson, F., 1979a. Lithologic Descriptions of Selected Cored Sections from Lower Colorado Group (Cretaceous) of West-Central Saskatchewan. *Saskatchewan Department of Mineral Resources, Report No.160*, xi + 121 p.
- Simpson, F., 1979b. Evolution of a graded, Cretaceous shelf, p. 423-434, in Podwysocki, M.H., and Earle, J.L. (Editors), *Second International Conference on Basement Tectonics, Proceedings*, Newark, July 13-17, 1976, ix + 575 p.
- Simpson, F., 1979c. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 1. Project outline and rationale. p. 174-180, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1979, Saskatchewan Mineral Resources, Miscellaneous Report No. 79-10*, vi + 227 p.
- Simpson, F., 1979d. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 3. Lower Colorado (middle Albian to Cenomanian) strata of east-central Saskatchewan. p. 186-190, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1979, Saskatchewan Mineral Resources, Miscellaneous Report No. 79-10*, vi + 227 p.
- Simpson, F., 1979e. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 4. Upper Colorado and Montana (Turonian to Campanian) strata of western Saskatchewan, p. 191-198, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1979, Saskatchewan Mineral Resources, Miscellaneous Report No. 79-10*, vi + 227 p.
- Simpson, F., and O'Connell, S., 1979. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 2. Lower Colorado (middle Albian to Cenomanian) strata of southern Saskatchewan. p. 181-185, in Christopher, J.E., and

- Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1979, Saskatchewan Mineral Resources, Miscellaneous Report No. 79-10*, vi + 227 p.
- Simpson, F., 1980a. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 5. Notes on the petrology of the sandstones and enveloping argillaceous rocks. p. 123-126, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., 1980b. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 6. Bow Island-Viking (middle to upper Albian) correlations in southwestern Saskatchewan, southeastern Alberta and northern Montana. p. 127-132, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., 1980c. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 7. Viking-Newcastle (middle to upper Albian) correlations in southeastern Saskatchewan, southwestern Manitoba, northeastern Montana and North Dakota, p. 133-138, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., 1980d. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 8. Viking Formation (upper Albian) of east-central Saskatchewan, p. 139-142, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., and Katham, Abd al-Wahab N., 1980. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 9. Well-log analysis of Upper Colorado (Turonian to Santonian) sandstones of southwestern Saskatchewan and north-central Montana, p. 143-156, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., and Singh, M., 1980. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 10. Well-log analysis of Milk River Formation (Campanian) in southwestern Saskatchewan, southeastern Alberta and north-central Montana, p. 157-164, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1980, Saskatchewan Mineral Resources, Miscellaneous Report No. 80-4*, vi + 176 p.
- Simpson, F., 1981a. Lithologic Descriptions of Selected Cored Sections from Colorado and Montana Groups (Middle Albian to Santonian) of Saskatchewan. *Saskatchewan Department of Mineral Resources, Report No. 233*, iii + 72 p.

- Simpson, F., 1981b. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 11. Well-log analysis of Medicine Hat Sandstone (?Santonian) in southwestern Saskatchewan and southeastern Alberta, p. 149-153, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1981, Saskatchewan Mineral Resources, Miscellaneous Report No. 81-4*, vi + 186 p.
- Simpson, F., 1981c. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 12. Well-log analysis of Belly River sandstone tongues (Campanian) in southwestern Saskatchewan, southeastern Alberta and north-central Montana, p. 154-158, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1981, Saskatchewan Mineral Resources, Miscellaneous Report No. 81-4*, vi + 186 p..
- Simpson, F., 1981d. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 13. Upper Colorado (Turonian-Campanian) strata of west-central Saskatchewan, p. 159-162, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1981, Saskatchewan Mineral Resources, Miscellaneous Report No. 81-4*, vi + 186 p.
- Simpson, F., 1981e. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 14. Upper Colorado and Montana (Turonian-Santonian) strata of eastern Saskatchewan and southwestern Manitoba, p. 163-165, in Christopher, J.E., and Macdonald, R., (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1981, Saskatchewan Mineral Resources, Miscellaneous Report No. 81-4*, vi + 186 p.
- Simpson, F., 1982a. Sedimentology, Palaeoecology and Economic Geology of Lower Colorado (Cretaceous) Strata, West-Central Saskatchewan. *Saskatchewan Energy and Mines, Report No. 150*, ix + 183 p.
- Simpson, F., 1982b. A Users' Guide to Core-Storage Facilities in the British Isles and Republic of Ireland. *Institute of Geological Sciences, Report 82/2*, ii + 9 p.
- Simpson, F., 1982c. Low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan: 15. Notes on the origin, mode of occurrence and probable location of undiscovered gas accumulations in Colorado and Montana Groups (middle Albian to Campanian) of southern Saskatchewan and adjacent areas, p. 120-125, in Macdonald, R., Sibbald, T.I.I., Paterson, D.F., Gulio, P., and Buller, J.V. (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1982, Saskatchewan Energy and Mines, Miscellaneous Report No. 82-4*, viii + 158 p.
- Simpson, F., 1983a. The Medicine Hat Sandstone (Upper Cretaceous) of southeastern Alberta and southwestern Saskatchewan (Abstract), p. 79, in *Program and Abstracts, Conference on the Mesozoic of Middle North America*, Canadian Society of Petroleum

Geologists, Calgary, Alberta, May 8-13, 1983.

Simpson, F., 1983b. Hydrocarbon potential of the low-permeability marine Cretaceous sandstones of Saskatchewan (Abstract), p. 80, in *Program and Abstracts, Conference on the Mesozoic of Middle North America*, Canadian Society of Petroleum Geologists, Calgary, Alberta, May 8-13, 1983.

Simpson, F., 1983c. The Ashville Sand (Early Cretaceous) of southern Manitoba, p. 131-140, in *Manitoba Department of Energy and Mines, Mineral Resources Division, Report of Field Activities, 1983*, iv + 170 p.

Simpson, F., 1983d. Appraisal of long-range hydrocarbon supply from conventional and low-permeability reservoirs in marine, Cretaceous sandstones of Saskatchewan: Initial, established reserves related to reservoir facies, p. 128-134, in Macdonald, R., Sibbald, T.I.I., Paterson, D.F., Gulio, P., and Davie, R.F. (Editors), *Saskatchewan Geological Survey, Report of Investigations, 1983, Saskatchewan Energy and Mines, Miscellaneous Report No. 83-4*, vi + 148 p.

Simpson, F., 1983e. Reservoir characteristics related to sedimentary features of conventional and low-permeability gas reservoirs in marine, Cretaceous sandstones of Saskatchewan. *Proceedings, Ontario Petroleum Institute, Twenty-Second Annual Conference*, London, Ontario, October 16-18, 1983, Paper 4, 16 p.

Simpson, F., 1983f. Evaluation of natural gas potential of SASKOIL land holdings in southwestern Saskatchewan. Report to Saskatchewan Oil Corporation.

Simpson, F., 1984a. Potential for additional hydrocarbon recovery from the Colorado and Montana Groups (Cretaceous) of Saskatchewan, p. 211-244, in Lorsong, J.A., and Wilson, M.A. (Editors), *Oil and Gas in Saskatchewan, Saskatchewan Geological Society, Special Publication No. 7*, viii + 284 p.

Simpson, F., 1984b. Hydrocarbon potential of low-permeability, marine Cretaceous sandstones of Saskatchewan, p. 513-532, in Stott, D.F., and Glass, D.J. (Editors), *The Mesozoic of Middle North America, Canadian Society of Petroleum Geologists, Memoir 9*, x + 573 p.

Simpson, F., 1984c. Reservoir geology of hydrocarbon-producing marine sandstones in the Colorado and Montana Groups (Cretaceous) of western Saskatchewan (Extended Abstract), p. 230-231, in *Program and Abstracts, Exploration Update '84, National Convention, Canadian Society of Petroleum Geologists and Canadian Society of Exploration Geophysicists*, Calgary, June 17-20, 1984, 276 p.

Simpson, F., 1984d. New data on low-permeability gas reservoirs in marine Cretaceous sandstones of Saskatchewan, Canada (Abstract), p. 109-110, in *Program and Abstracts, Twenty-Seventh International Geological Congress*, Moscow, USSR, August 4-14, Vol. 7, Sections 13-16.
