

**PUBLISHED WORKS OF FRANK SIMPSON:
1. SEDIMENTOLOGY, STRATIGRAPHY AND RELATED FIELDS**

- Dżułyński, St., and Simpson, F., 1966. Wpływ nierówności dna oraz przedmiotów niesionych prądem na wykształcenie hieroglifów prądowych (Influence of bottom irregularities and transported tools upon experimental scour markings). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 36, str. 285-294.
- Dżułyński, St., and Simpson, F., 1966. Experiments on interfacial current markings. *Geologica Romana*, vol. 5, p. 197-214.
- Simpson, F., 1967. O niektórych różnicach w morfologii *Palaeodictyon* Heer (Some morphological variants of *Palaeodictyon* Heer). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 37, str. 509-514.
- Jelonek, B., i Simpson, F., 1968. Zastosowanie programów dla maszyny liczącej UMC-1 w stadium szeregów czasowych uławicenia i uwarstwienia skał osadowych¹ (Применение программ для вьчислительной УМС-1 в изучени временных рядов напластования и слоистости осадочних пород). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 38, str. 417-434.
- Simpson, F., 1969. O międzyrytmowych zespołach otwornicowych we fliszu karpackim (Interfacial assemblages of Foraminifera in the Carpathian flysch). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 39 (Tom Józefa Grzybowskiego), str. 471-486.
- Simpson, F., 1969. *Rotamedusa roztocensis* gen. et. sp. nov., medusa z eoceńskiego fliszu karpackiego (*Rotamedusa roztocensis* gen. et sp. nov., a medusa from the Eocene flysch of the Carpathians). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 39, str. 697-703.
- Christopher, J.E., Forsythe, L.H., Kent, D.M., and Simpson, F., 1970. *Geological Road Log of the Montreal Lake – Lac La Ronge Area, Saskatchewan*. Guidebook for Annual Field Trip, Saskatchewan Geological Society, June 11-13, 1970, 58 p.
- Simpson, F., 1970. O sedymentacji środkowego eocenu serii magurskiej w polskich Karpatach zachodnich (Sedimentation of the Middle Eocene of the Magura Series in the Polish Western Carpathians). *Rocznik Polskiego Towarzystwa Geologicznego (Annales de la Société Géologique de Pologne)*, tom 40, str. 209-286.

¹ Application of programs for UMC-1 computer in study of time series, based on gross layering and layer types in sedimentary rocks

- Simpson, F., 1970. Review of: John C. Griffiths, 1967. *Scientific Method in the Analysis of Sediments*, New York, McGraw-Hill Book co., 508 p. *Journal of the International Association for Mathematical Geology*, vol. 2, p. 416-418.
- Simpson, F., 1971. Sequence elements in stratigraphic analysis of Mesozoic clastic sequence, Saskatchewan (Abstract). *American Association of Petroleum Geologists, Bulletin*, Vol. 55, p. 541-542.
- Simpson, F., 1973. Sedimentary layer properties of graded-shelf deposits, Colorado Group (Cretaceous), Saskatchewan (Abstract). *American Association of Petroleum Geologists, Bulletin*, Vol. 56, p. 961.
- Simpson, F., 1973. Marine biofacies of the Colorado Group (middle Albian to Santonian) in Saskatchewan (Abstract), p. 46-47, in *Program and Abstracts of Arctic Symposium, Cretaceous Colloquium and Annual Meetings, Geological Association of Canada, Canadian Society of Petroleum Geologists and Mineralogical Society of Canada*, Saskatoon, May 23-26, 1973, 92 p.
